

How We Play

She touches my heart every second, every day,
My little one, how we laugh and we play,
Get up Prince, with a smile like the sun,
My morning is blessed, Cinderella's the one,
She'll wake me up, in character we'll be,
We'll take on one, maybe two, maybe three,
Cinderella, Ariel, Mulan or Belle,
I'm always her Prince and I'm loving to tell,
How We Play,
She blesses me more with each rising day,
I'm telling our story as it unfolds with time,
I've been blessed with an Angel and I'm so glad
she's mine!
