

Unconditional Love Theme for 2007

Bob Vadas

It is fascinating to me that I always thought that unconditional love is loving someone else no matter what...no matter what the circumstances are...no matter what their behavior is...no matter what...and, I do mean NO MATTER WHAT!

But, in the all of the growing and expansion around my 2007 theme of unconditional love...

I have discovered something quite Amazing!

It has nothing to do with anyone else...It has everything to do with me!

Unconditional love is me...maintaining my Vibration...NO MATTER WHAT!

It doesn't matter what is going on around me...not at all ! It is me reaching for a higher thought...a higher feeling...which leads to a higher Vibration!

Through this Higher Vibration, I maintain my connection to Source...and Source is Unconditional Love...

I used to think that it took action to uplift and transform the world...

But, I have expanded around the knowing that it simply takes Vibration to expand anything...my vibration...your vibration...reaching for that higher thought...reaching for that higher feeling...

And from that, really Great Things Flow...It may lead to Your Own inspired Action...or may inspire action in someone else...

But, it all starts with Unconditional Love...which, if you remember, is always reaching for your highest vibration...

Mahatma Gandhi said, "Be the change you want to see in the world". Know that by you living a life of Unconditional Love, always reaching for a higher thought and feeling which raises your vibration, you are maintaining your connection to Source...and you are a shining beacon to spread light throughout the world!

Happy 2008
