

Your Theme – A Helping Hand

Everyone needs a helping hand from time to time; maybe even a little hand holding – especially when they are learning a new skill.

What better way then to be of service to each other than to offer that helping hand when someone is learning something new. Here on this page, we would like to offer you two ways we can potentially assist you in your endeavor to choose your own port to drop anchor in.

1. The Theme Project Email List

We have created an email list to support you through the entire year. You will find the sign up box on the main page of the magazine, right below where you clicked to open this page. ☺

We want you to know that we hate spam as much as you do and so we won't even let anyone else peak at your email, let alone sell, share or otherwise distribute it anywhere.

Note Once you have signed up, please be kind and white list us. If our email to you lands in your junk folder and you clean your junk folder by hitting the 'report spam' button, the system automatically removes your email and we get a black mark, making it more likely that ISP's will consider us spam when delivering our mail next time. If you decide the list isn't for you, the kind thing to do is to simply unsubscribe which we always provide a way to do at the bottom of every email we send you.

The purpose of the list is to support you through the year with tidbits, quotes and stories. We will email you once per week and we will include your theme in the body of each email so you can observe the growth and change you are experiencing.

It is our hope that you will be inspired to share your insights and stories as you go along. We will on occasion be choosing stories of people on this list to share with the entire list. Don't worry, if your story or insight is chosen, we will not disclose any personal information except your first name or your initials. If you have a preference, please specify.

It is easy to get those stories and insights to us, once you have signed up to the list, simply hit reply to any email you receive from us. If you are not signing up to our email list but would still like to submit something, you can send your email to [Kat](#).

2. Assistance in Finding Your Theme

An old friend and I were speaking on the phone recently and the subject of a new Theme for my friend came up. She was expressing how difficult it was for her to pick her Theme each year and how even after it was chosen, she never quite felt certain of it. Now this was coming from someone who has been participating for a few years, so I can just imagine how a new person might feel...

I know her quite well so a quick 5 minutes of questions had her land on the perfect Theme for her this year and when I talked to her a couple of weeks later, she was feeling very secure in the choice. My friend thanked me and told me that in her experience, deciding on a theme was much easier if it is done in partnership with someone who understood the point to it all.

That got me to thinking that we should be offering our services to those who are reading about this for the first time through

The Magic Happens and to those with experience that know the value of partnership in making a decision like this.

It's as easy as pie to take advantage of our offer, just email Wayne, Mary K or myself and request a time to chat. It shouldn't take any more then 30 minutes. (Since we don't know you yet, it will take a few minutes to get a sense of what port you are looking to head to.

There is one catch and here it is: Like everyone else, we need to make a living and our time is valuable to us. We are asking for a contribution of \$14.97 payable through paypal for our time and talents.

When you email the person of your choice, please be sure to include some times and dates that will work for you and we will pick one out of that that works for us. When you receive the email with your appointment in it, you will be provided with the details of the paypal account of the person you chose.

Fair enough?

We look forward to supporting you in your growth to bigger and better things. ☺

Happy Theme 2008
