

# Introduction

Can you believe it? It was ten years ago that we passed into the new millennium. Here we are in the new year of 2010 and aren't we all having fun?

2009 was a wonderful year of change, adventure and opportunities for everyone to grow and become stronger, more compassionate and creative. We here at The Magic Happens definitely got in the swing of that formula and took advantage of whatever wonders and challenges the Universe has tossed in our path.

Yeah we know, the economy could be better and there seems to be chaos everywhere but life continues and each day we have an opportunity to discover something new to be joyful about.

In keeping with that idea, the 2010 Winter Edition of The Magic Happens Magazine is dedicated to 'Fresh Perspectives.' In this issue, we seek to find new ways of viewing life, the people and the events that we encounter each day.

Looking forward, 2010 will bring the wonderful opportunity for many of us to meet face to face for the very first time. Fast approaching is the 'Life by Magic Conferences,' first in Toronto in Late March and then again in Vancouver in November. We'd be honored to have the chance to meet you in person so join us at one of these events and let's see what dreams we can create together. [Life by Magic Conference](#)

We are also looking forward to the opportunity to continue to serve you – our readers – bringing you useful and

practical reading material to support you as a spiritual being on a physical journey.

The Magic Happens Crew appreciates you and your continued attention.

May 2010 be everything you have dreamed of and so much more! Have the happiest of New Years and remember – dream big!!

The Magic Happens Crew
