

Monthly LOA Meetings

On [Powerful Intentions](#), a community that Kat and I are co-founders of with others, we maintain a forum called, [Canadian Eh!](#)

We use this forum to connect with other like minded people and more specifically, Canadian folks. One day a new member showed up in our forum, and started to say hello and get to know many others from her area around Toronto.

This is Sharon

This member, [Sharon Carol](#), sent me a message and asked if Kat and I were interested in having a get together in Toronto to talk about the Law of Attraction and [The Secret](#). I very quickly agreed as it is always wonderful to meet and connect with others that use and play with LOA on a daily basis.

Word spread throughout the forum and a date was set and the first meeting was to take place in downtown Toronto. A handful of inspiring people showed up for the first ever LOA meeting in Toronto on that day in October, 2006.

Conversation was coming from all around the table after the preliminary introductions. The how to's, what if's, the when's, where's and why's, were being fired at me as I was explaining how I live my life daily in Law of Attraction. What an amazing evening, sharing my life with others by being an example of one who lives in LOA.

They came from all walks of life, and different levels of learning and playing in LOA. I always feel so pumped inside when I see the lights come on inside of someone else after something I said. It makes the whole adventure worth everything to me.

That was last October and we have continued on with a small but very intent crowd, month after month. So here it is June, 2007 and we have now had 8 or 9 meetings, there are new additions each month and of course the faithful few who are always there to challenge, inspire and grow with.

Learning and Growing Together

The fun, laughter, learning and growing, make each trip into Toronto a highlight that I always look forward to. Besides, the wine and the food is really something that feels great, when being consumed amongst a group of individuals that are there to

improve their own being. How much better can life get?

Thank you Sharon for doing what it takes to set up this get-together for everyone; it is the gift that you give for being who you are. To all the other LOAer's who are too numerous to mention, I appreciate each and every one of you for being the people that you are in my life.

Peace and Love

PS from Kat:

The Law of Attraction meetings have been a great source of fun for us each month. We have created new and powerful relationships through the meetings and met some people face to face that we had already had a relationship with.

Wayne and I really are privileged to have the opportunity to have so many opportunities in our life to meet beautiful and fascinating people. The LOA meetings are really just one example of that. An example that holds us in a profound gratitude for the lives we have created and the fact that we made the decisions we needed to in order that we can live this way.

In Gratitude
