

Wayne's Note:

Four million hits and counting

What is there to say that I have not said on other anniversary editions of The Magic Happens Magazine? This one is different to say the least. It is not the first year, nor is it the second, we are starting our fourth year of operation of this free magazine.

I wish to take a moment to thank all of you the readers for hanging with us. I would love to thank you all personally but since I do not know all your names, I will leave that up to each of you to grab your own thank you.

First to all the contributors that have not only inspired myself but let me grow and expand to levels I may have never even considered before, my heartfelt appreciation goes out to

you all. Once again, please grab your own thank you.

Let me extend a gigantic thank you to Mary K, our editor, for her endless contributions not only to the magazine but throughout our friendship. Mary K, you are loved totally....

Finally to my friend Kat who has been a real rock from conception and throughout each and every issue of this magazine. You bring a new meaning to Humanity Thriving Out Loud with each and every idea, thoughts on feature articles, layout suggestions and last but not least the most amazing and inspiring articles you so eloquently write.

Wow, I am surrounded by such wonderful people who are affiliated with this magazine.

Life is great and getting better with each moment.

For this anniversary edition of The Magic Happens, we will have our usual notes, columns, musings and feature articles.

And speaking of our feature article, this editions' theme is: Being Content. There are so many ways that we may become content in our lives. The possibilities can be endless with this topic. Please take a gander.

I would love to point out as of this past week,

***We have received well over a 4 million hits to
The Magic Happens Magazine.***

I would also like to point out that in writing last years note on the anniversary edition I set the intention of having 2 million hits by this year's anniversary.

I look back into my life and remember that for me, it is all about the connections I make. So using the intentions of this magazine, I know I have helped to touch many other lives and this makes me so very excited and energized. I also know I could touch hundreds maybe thousands of people through email, on the phone and or in person but using the magazine as a connection tool, my intentions have expanded far more than I could have possibility ever fathomed.

So here goes my intention for the coming year of this magazine. Let us shoot for eight million hits by this time next year. For those that read the magazine word for word, I make it my wish that you pass this link along to as many of your friends so they maybe become connected to alternative thought processes.

The Magic Happens,
<http://themagichappens.com>

It is also my wish that all of you Canadians reading this have an amazing Canada Day and to all our readers to the south of me, may your July 4th celebrations be way over the top in energy. To our world wide readership, may you all be blessed with wonderful energy that you can pass along to the next person that crosses your path.

Till the October edition, I send everyone..... peace and love from my heart to yours.

Peace and Love
Wayne
